

The Executive Club

Relax and Enjoy the Event

At The Executive Club, our special clients and guests have access throughout the day to conduct business if needed, store any items or souvenirs with our concierge, enjoy Five-Star Dining along with their beverages of choice or relax and unwind while viewing the Masters action on one of the many large high definition flat-screen monitors.

Your Hospitality Program includes full buffet breakfast, buffet lunch and heavy afternoon hors d'oeuvres along with access to an open bar serving everything from Southern-brewed iced tea to premium distilled spirits. Self parking is available nearby or you may consider the optional valet parking providing you curb side service.

To further enhance your experience, we offer private hospitality suites allowing you to entertain your guests in a more intimate and reserved setting with the assistance of a designated host. Within your private area, you may also assign seating and display your corporate logos and signage. These programs start with a base site fee plus a per-person charge and are based on availability. Private hosted dinner options are offered for our guests in the evening as well with advance planning. Dinners include a pre-set menu selected by your host and complimentary bar service. To complete your private dinners, guest speakers are available to host your evening. The choices are endless!
